Our Ref: Welsh Risk Pool and Legal & Risk
Services Annual Review

Dear colleague,

I am delighted to enclose the Welsh Risk Pool and Legal & Risk Services Annual Review 2024/25.

This important document highlights the litigation profile and future budget forecast for cases.

The review also outlines the important safety & learning workstreams which are led by our services and highlights the service provision for the legal & risk service.

Both myself and the Head of Healthcare Litigation, Sarah Watt, would be delighted to attend a Board meeting, Board Development session or suitable sub-Board Committee to discuss the review.

Yours faithfully,

Jonathan Webb
